The Fashionable Fabric For Spring, 1903.

This morning we place on sale what we believe to be the largest amount of this popular fabric ever offered by any Richmond store at 50c a yard.

Figured, Plain, Lace-Striped

Mohairs 50c. A Yard.

The reason is obvious. Being of such a wiry material they'll not rumple easily and they'll shed dust very quickly—two good qualities in a summer dress, particularly when you're traveling. In addition to all this they wear well—could hardly help doing that, though, when they'll not absorb dust, nor won't crease.

Three New Styles of Tailored Suits

And each one has sold for ten dollars. Here's the materials: All-Wool Mixture, All-Wool Venetians and Plain Meltons-all three a guarantee as to the goodness of the cloth.

The All-Wool Mixture is made with a collarless Elon; the All-Wool Venetian with a faffeta-trimmed jacket and fared skirt, and the Flain Melton with fared skirt, and the ritin area of the styles. The tailoring you can take our word for until you examine it \$12.50 for a beautiful Suit of Novelty Mixture; Norfolk Jacket and 0-gored

On April, the 6th, at the residence of Mrs. Benjamin T. Crump, of West Grace Street. Dr. C. S. Gardner delivered a scholarly lecture on Shelley before the Every Monday Club.

Dr. Gardner showed a profound knowledge of the life and character of the poet and a deep appreciation of his genius. Touching briefly upon Shelley's blitth, boyhood and personal beauty, his marriage and separation and subsequent alliance with Mary Godwin, he passed into an analysis of his work. He pronounced "The Skylark" the best picture of his genius. "except that fils genius had not the joyousness of "The Skylark," and his poetry as matchlessly melodious, but lacking the luscious quality of Keats, the Fest, peace and contentment of Wordsworth, and the persevering polishing of diction which characterizes that of Tenliyson.

In conclusion he dwell upon the sad truth that what Shelley lacked always and in everything was the sanity, peace and joy which religious faith alone can give.

There were a number of visitors pres-ent, and an informal reception was held at the close of the lecture. Robertson--Davis.
